

Take Contingent Workforce Management to the Next Level

VMS PROFESSIONALS

VMS Professionals is a national association for – and by – contingent workforce professionals. Our mission is to bring together contingent labor buyers to collaborate and drive the industry forward. Our local, regional, and national online and in-person events are an opportunity to learn, grow, and shape the future of contingent workforce acquisition and management.

OUR MEMBERS

VMS Professionals is for anyone who is responsible for developing, managing, or engaging with a corporate contingent workforce management program. If you are interested in connecting with others, sharing best practices, and being part of an engaged community of professionals, this is for you!

I joined VMS Professionals early in my career and found it to be a wonderful resource. What has made this group special to me is the leadership, trust, education, camaraderie and continuous support we have provided each other. My professional network is stronger because of the quality of this group."

- Sherry Kurek, Manager of External Workforce Services for Health Care Service Corporation
